Hull Construction: GRP

Hull Configuration: Planing hull

Air conditioning, WiFi connection on board

NEOPRENE'S exceptional performance has been enhanced by a full engineering overhaul in 2017. With a top speed of 32 knots this 108 foot (32.9 m) motor yacht has a cruise speed of 28 knots.

Designed by Barth, Italy, NEOPRENE'S stunning matte-black exterior finish is matched by her lavish contemporary interior - a quality finish including silk carpets.

The open main deck provides more than ample space for 'life alfresco'. The main salon is perfect for dinner parties or maybe

just to unwind after a day on or in the water. On the foredeck sun worshippers can spend afternoons in a yachting paradise with canopies providing shade when required. The tender garage on NEOPRENE offers all one could wish for, for a beach club experience.

NEOPRENE'S lavish staterooms, (all en suite) accommodate ten guests. The master stateroom has a king-size bed and walk-in wardrobe. The other staterooms include a forward VIP with a double-bed, a double-bed stateroom and a quadruple stateroom with four bunks. In addition NEOPRENE also has accommodation for five crew members in three cabins.

NEOPRENE provides a truly unique yachting experience.
