

MIRKA

FOR SALE

M/Y Mirka is the perfect example of luxury and comfort, with a length of 28.2 meters and 2x MTU 12V 2000 M94 1935HP engines that give it an impressive speed of 26 knots. Not only are the engines powerful, but they're also known for their reliability and efficiency.

Equipped with a zero speed stabilizer system that provides maximum stability ensuring a smooth and comfortable ride for all aboard.

The interior is superbly attractive, spacious, elegant and benefits from wraparound glazing and full height windows that give you an undisrupted panoramic view through an optional drop-down saloon balcony.

For those who love to stay connected while at sea, the Mirka offers a Starlink WiFi system and new sound system who delivers an unparalleled listening experience, with crystal clear sound. The dining area is ultra-modern, with clever use of space. On the foredeck, there are large sunpads and comfortable seating areas, perfect for al fresco dining.

M/Y MIRKA

An aerial photograph of a luxury motor yacht, the M/Y Mirka, cruising on the open sea. The yacht is white with a dark wood-grain deck and cabin. It is moving from the upper left towards the lower right, leaving a large, white, turbulent wake behind it. The water is a deep, dark blue. The yacht's cabin has a curved roof and large windows. There are several seating areas on the deck, and a small red flag is visible at the stern. The overall scene is dynamic and conveys a sense of speed and elegance.
