

M/Y GONEEDAYS III
FOR SALE

AQUA MARINE
GROUP

M/Y GONEEDAYS III

- Same Owner and Captain since built.
- Maintained to the highest standard. She has never been chartered, only privately used.
- She is RINA classed and can be easily turned commercial.
- Ready for the next season (2022).

The new layout maintains the building excellence of the original yacht, to whom it has been added a upper deck with a pilot house dominating the sea.

The philosophy of the internal spaces is in line with the innovative solutions introduced on the FERRETTI YACHTS flagship. On board, the spaciousness of the interiors together with the furnishing in matt elm and light-coloured fabrics, allow the saloon to strike for its width and luminosity.

The living room area has a symmetrical layout, with a double sofa on opposite sides. A 32 hideaway plasma screen at the centre of the area, separates the saloon from the dining room area, that features a wide table apt to accommodate 8 people. In the lower deck, two large open-view windows on both sides turn the master cabin into an incomparable suite in terms of spaces and luminosity.

In addition to the master cabin, there are two twin beds cabins with private bathrooms and a very wide VIP bow cabin, with two fixed armchairs at both sides of the bed and a private bathroom with a marble and teak floored shower. Concerning the performances, the Ferretti 881 RPH renews the engines in comparison to the original flagship version.

Two 2211hp MTU engines easily meet any expectation, pushing the yacht to a 29 knots top speed, and a 26 knots cruise speed.
